OVER A CENTURY OF INNOVATION

Since 1910, **BLACK+DECKER** has been a premium brand for home improvement products, including consumer DIY power tools, hand tools and home appliances. Continuing our focus on designs that meet our customers' evolving lifestyles and needs, we now offer a wide range of high-quality home appliances, all available in India.

What our consumers think:*

“BLACK+DECKER...

...is a smart choice for my home.”

...products are durable.”

...is good value for money.”

...is innovative.”

...inspires me.”

...gives me confidence.”

...is reliable.”

...is well-designed.”

...makes home life easier.”

BLACK+DECKER™ has been at the forefront of innovation starting with the invention of the first pistol grip electric drill in 1916. 1979 saw the birth of the world's first cordless hand held vacuum cleaner from BLACK+DECKER™, which was termed the Dustbuster. Since then, BLACK+DECKER™ has continued to lead innovation in the hand held cleaning category for more than 3 decades. Not to forget, one of the standards today in Garment Care - the invention of Auto shut off feature in irons in 1983.

Continuing on the legacy of performance and revolutionary technology, BLACK+DECKER™ showcases the Performance Range - well engineered counter top appliances with unique patented features. At BLACK+DECKER™, we deliver solutions which people count on when it really matters. A successful tradition we have pioneered and sustained for more than a century by embracing innovation as a way of life.
